

VADYM LISS

Software Developer

+48 884 001 830 | vadimliss4@gmail.com | <https://foxxich.github.io/> | Wrocław, Poland

CAREER SUMMARY:

I'm a dedicated software developer with a passion for crafting exceptional Android, Python, and NodeJS applications. I've played a pivotal role in shaping of software stack, focusing primarily on Android development. My strengths lie in effective communication, collaborative teamwork, and meticulous technical documentation.

WORK EXPERIENCE:

Emognition

Software Developer | April, 2022 - September, 2023

Android Application Development:

- Implemented and refactored Kotlin code to enhance functionality and user experience.
- Developed and executed comprehensive JUnit tests to ensure the robustness.
- Conducted thorough Android application testing to identify and rectify issues.

Documentation:

- Successfully completed documentation for multiple projects, ensuring clear and accessible reference materials for the team.

API Development:

- Implemented RESTful APIs to enable efficient data exchange and communication between different software components.

Node.js and Python Scripting:

- Collaborated in extending the functionality of Node.js and Python scripts.
- Demonstrated proficiency in web scraping using Python, extracting valuable data from web sources.

EDUCATION:

2019 - 2023 | Wrocław University of Science and Technology

Bachelor of Algorithmic Computer Science - Software Engineering

2023 - 2024 | Wrocław University of Science and Technology

Master of Applied Computer Science - Software Engineering

SKILLS:

Java

Kotlin

Dagger

Hilt

JUnit5

Compose

Firebase

JSON

Git

Android

MVVM

RxJava

Python

SQL

Node.js

HTML

CSS

Postman

REST API

Gradle
